Rat-Skeller Menu

"The Place to Eat When You're Down in the Dumps"

New... Meat and Blood Flavored PARA-BLOX

This yummy concoction kills with kindness

Fish and Grits Flavored PARA-BLOX

Rats love it to death

Molasses and Cereal Flavored PARA-BLOX

Good to the last breath

High Protein Content . . . Contains Diphacin

Three delicious flavors that rats are dying to taste. Para-Blox is for wet or damp areas and has a hole so you can nail it down, hang it up or tie it to a pipe.

Here's the "Fogger" that will help you do a more effective job faster and more economically.

When it comes to pest control, you just can't beat a HALABY *"CHAMP"* FOGGER for getting the job done right . . . right away! May be used equally well for the distribution of insecticides, disinfectants, deodorants or germicides.

1 Sprays oil, water or wettable powder solutions, dispensing aerosol particles at the rate of from 3 pints to 40 pints per hour.

2 Four nozzles with various orifices or openings permit fogging with "dry" to medium or heavy "wetting" action.

3 Automatically "fogs" up to 15,000 cubic foot area in 30 seconds (depending upon solution used) Propels fine micron particles over 150 feet for fast coverage. No clogging! No maintenance! Guaranteed for one year.

4 Can be used as portable unit with its own polyethylene container (as shown) or clipped to gallon can. Head rotates for directional fogging.

5 Universal motor operates on AC or DC.

6 And yet, with all of its exclusive features, the Halaby "CHAMP" FOGGER costs less than competitive makes of this type.

Write for literature and prices.

SAMUEL HALABY, INC.
482 Clinton Ave. S., Rochester, N. Y. 14620
